“ Nikki just came into my life a little over five months ago. I tell people it sounds silly but she was my Dental Assistant - at first - when I became a patient at NWA Family Dental. She held my hand when I was terrified to be there. But through that, we felt we had forged a friendship and mutual admiration for the things we both had been through in our lives and had overcome. Nikki was a bright light to me. To me, she was kind hearted, accepting of others and hilariously funny. I will miss you and your sweet messages to me! - Alison
