“*Tabitha.. she was my second mother, my best friend and my sister growing up. She was my nanny. She taught me how to shave, how to do my hair how to handle bullies in school. And so much more. I'll never ever forget what a huge part of my life this woman had. She helped make me into the person I am today. My heart hurts so much. K St knowing I never did get to see her after that last message on my phone. I have so so many memories with her. She will forever be my ssed. I like be you Tabitha!!!*

“*I hired tabitha when she was 14 years old to babysit she later became my nanny . She lived with us for many years as I was in country music. She taught my children just about everything . And she was like one of my very own children herself . I have so many pictures and videos of our life with her. She was so amazing!! Tabatha left us when she was 18 and moved back home. I lost track of her till a few years ago when I went and saw her. She messaged me many times and I messaged her back. But then I lost track of her again. I wished I would've been able to reach her . she will be missed by myself and my children deeply They thought of her as a second mom . And she was part of our family love you tabitha*
