“ I first met Tim when we started working together at MRT (Marsh's Racing Tires) in 1979. We became very close friends and stayed in contact with each other for many years after we stopped working together. I moved to Texas in 1999, and we now longer kept in much contact after that. I was able to see him a few times over the years. Tim was a wonderful man and will be missed by so many. Love and prayers to Michele.

“ Dear Michele; Your daddy was one of the best friends I've ever had. I have wonderful memories of us going to the drags in Tulsa many, many times in the 60s and 70s. He was a classmate with my oldest brother Donny. I was only 11 when Donny was taken from us and I didn't know him well so Tim would tell me about my brother and his memories of school and Donny losing his life at the age of 15 while he was a passenger on a motorcycle. I loved your dad as though he was my brother.

. After Tim retired, we encouraged him many times to come hang out with us at our auto parts store and on several occasions offered him a job for a half day, two or three days a week or as often as he liked. Anything to get him out of the house and have him with us. I gave him that offer one day and he said, "well I think I'm going to take the Arkansas Bar Examination. I believe I've watched enough Judge Judy, I think I can pass it". He was a funny and witty rascal. A pleasure and a delight to be around. At least it was for us.

I enjoyed reading everyone's tributes. It takes me back to a simpler time when I got to see George, David, Conrad and Larry around town and we weren't so aware of our friends and family passing on. I miss those days and Delores and I are sure going to miss "Timbo". David was right. If you love someone and cherish the memories, don't waste time, do something about it. Tell them so and make it special while there's time.

Thank you Roger. He spoke of you often to me and told me that you wanted him to come work with you. He was very sick and did not tell anyone. He became quite reclusive and now I know why. I'm glad you have good memories of him. I will look you up when I get moved back to Siloam. I would love to hear more stories.

Tim was probably my first friend when we moved to Siloam. We considered ourselves "Beatniks" and developed an interest in the west coast surfing culture. As Midwestern Beatniks with no real examples we soon identified ourselves with surfers...then beachboys...then uneducated auto mechanics with a need for a Kool car. Tim and I were good friends. I saw Tim about two months ago at the post office, driving his classic Chevy. I told him I would call him and grill him some hamburgers. I delayed. I failed to call him. I loved Tim and really regret that I never followed up to call. There is a lesson here. I will always remember our good times.

Tim worked for my dad and Uncle John in the Parts Store and I just saw this or we would have been to the service. We lost my dad Roy Mason back a year ago and my mother 10 years ago so we had lost track where Tim was ... I am so sorry your having to go through this ... I know not easy. We enjoyed him so much up at the store as he was the life of the people coming in there. He will be truly missed and please accept our apologies for not making his service.
