“ My friend! Tracy and I played on the Anaheim High School Tennis Team. She was always such a sweet friend, only said good about others, was so pretty and kind ... To hear the news that she's been called home is a SHOCK! I hope she didn't suffer too much. I know Scott loved her dearly. I'm glad they had each other. My heart goes out to those she's left behind.

“ I knew Tracy mostly because of her mother. I spent time with her on occasion when visiting with her mother and she was always so nice to me. I have the same name as her so I always knew when I was in trouble with her mom because she would use my full name. I'm sure she did the same wither her daughter. You will be sorely missed and thought of often. Sending prayers for the family and friends.
