“ *Pam and Sheila and families,*

Please accept our sincere thoughts and prayers for you concerning the loss of your mother. We know how difficult it is to lose a parent, and we sympathize with your loss. We know you had wonderful years with your mom and that will always be a treasure to remember.

*Sincerely,
Jim and Barbie*

DK

“ My condolences to the family. I still have fond memories of Wanda when she lived across the street from our family on Harriet Street in Martinsville. I remember the fireworks and other toys that the Keatings gave to me and my sisters and brother. My thoughts and prayers to all of you.

“ Sorry to see the passing of such a lovely lady. Surely heaven is rejoicing! She was always full of "words of wisdom" which always seemed to come true! I remember her sharing her sage and other flowers with Pam and I when we were going through our "garden" stage! I will cherish them even more now each spring when they come up.

I didn't know her personally as a kid (except when going into Western Auto) but as a young woman I certainly was blessed by knowing her. I am glad I got that privilege.

TO

“ At dinner tonight we were remembering how kind Wanda and her husband Larry were to two young kids in their church. The first ladies guild meeting I went to I was elected secretary. Wanda was the president that year and was so kind to a "wet behind the ears baby". She was very forward thinking but at the same time careful of traditions. I learned later that she and her church girlfriends sometimes had "other more private meetings with different refreshments" wherein they discussed church affairs. I confess that my generation took part in the same kind of extra meetings. Dave and I trouble once in the form of a burnt home and the need to shelter our 3 very small children somewhere and Wanda called to say here's a place for you as long as you need it. We can never recall that time without remembering their kindness.
