“ So very sorry to read that your mom has passed.
What a great life she had and the last time I talked with her, she gave me some answers to a family question. We all should be so lucky to live that long and be able to remember.
Thinking of all of you.

“ *Patterson Boys & families - I know your Mom lived a long & full life - she was a typical Iowa farm wife & mother & I always enjoyed visiting with her. She had shared old Foster family pictures with me & as the family home of my family had burned & photo's lost they are all we have. I had recently tried to call Don, thinking you were still in Washington, as a cousin is doing geneology research on the descendents of William Foster & Lucy Farley - one of their sons was Wilma's father Ralph. Any old photo's or Foster family records you would care to share with me or the Wellman Heritage Museum would be appreciated. Again, my condolences on the loss of your mother. I hope you are all well and able to enjoy life. Life goes on much the same here in Wellman - we're all just a little older & a lot slower.*
