“ *I just want to say how sorry I am to Opal and to Dean and the rest of the family for your loss. Woody was a kind and caring man. My Dad worked with him for years in the tire business and thought alot of Woody. It meant alot to our family and to my Dad especially when Woody came to see him when he was in the hospital a couple of years ago. I know it was hard for both of them because they both were always strong, healthy, pridefull men who never was sick a day in their lives and then to see my Dad sick I think was hard for Woody and I know it was hard for my Dad when Woody got sick recently because he couldn't bring himself to see him that way. But I know in his heart he was truely hurting for him and his family. We know he is in heaven now where there is no pain and he is rejoicing with the Lord. May the Lord comfort you all. You are in our prayers.
